GREENVOLT SIGNS PPA IN POLAND FOR GREEN ENERGY SUPPLY

Pursuant to the set forth in article 17 of Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April, Greenvolt – Energias Renováveis, S.A. (hereinafter “GreenVolt”) hereby informs that its Polish wholly-owned subsidiary, Ritud Power Group, has, through its joint venture with KGAL, a Germany based asset manager, executed an agreement for the supply of long-term renewable energy (PPA – Power Purchase Agreement) with T-Mobile Polska, one of the biggest telecommunications operators in Poland.

The agreement has the duration of 15 years and which provides for the allocation of installed production capacity of 98 MW.

The production of energy will be generated from solar and wind farms and will start in the first quarter of 2023.

This project consolidates GreenVolt position as a reference market player in the development and management of renewable energy projects in Europe.
